

GS WORKSHOPS

Freedom construction:

We will produce pre-felt yardage to create garments with twist, pocketing and swales using minimal patterns. We will exploit the amazing properties of felt for garment creation. Once finished we will naturally print the pieces. This course challenges the maker to trust the process of discovery and let their creativity run free. Be prepared for a rollercoaster ride! 4 days. Some felting experience is essential. (We can use commercial dyes or naturally dye)

Dimension and texture in felt:

Through sculptural techniques, including resists and felt lamination, we will develop forms to explore spaces, surface, colour and dimension in nature. 3 or 2 days for shorter course. Some felting experiences essential.

WHEN: #1 24TH,25TH,26TH,27TH APRIL 2015

WHEN #2 29TH & 30TH APRIL 2015

WHERE: Old IGA HALL, Gathorne St CRANBROOK 6321
